PENSKE

MACKAY CAPABILITIES

Penske Australia is a leading supplier of the world's finest heavy-duty trucks, diesel and gas engines, and power systems.

Distributing the Western Star Trucks, MAN Truck & Bus, Dennis Eagle, *mtu*, Detroit, and Allison Transmission brands, we operate across the most dynamic markets including on-highway and various off-highway industries such as mining, power generation, construction and industrial, rail, marine, oil and gas, agriculture, and defence.

Penske Australia also represents aftermarket products from leading oil, coolant, and filter brands.

In addition to distributing Western Star Trucks, MAN Truck & Bus, and Dennis Eagle, Penske Australia is also the appointed retail dealer of these brands across select locations, providing full retail sales, service and parts functions.

With over 1,300 employees, we are committed to providing the most comprehensive 24/7 aftersales support through a network of strategically located branches and field locations, and more than 100 dealers.

MEET THE MACKAY TEAM

Meet the Penske Team – James Bassett

James Bassett is an integral part of the Penske on-highway workshop. James began his apprenticeship six years ago here at Penske Mackay and has diversified his skillset across different areas of the business. He spent two years as a field technician crafting his skills on 16V and

20V *mtu* engines, before moving back into the workshop and taking on a more senior role. He has thrived in helping lead the workshop and dealing directly with customers. On his days off you will find James working on in his shed or out catching fish in the beautiful Mackay waterways.

4WD and Truck Accessories

Enabled by Bluetooth® wireless technology, XRS™ Connect is the first of a new generation of connected UHF CB radios with unique features never seen before. They are the first ever UHF CB radios with app control, introducing new features such as creating and sharing scan lists and providing instant access to the entire Australian and New Zealand registered analogue frequency database. As with many other smart devices, XRS™ Connect products are software upgradable via the XRS™ Connect app, keeping users up-to-date with the latest features and technology.

Donaldson PowerCore – 200 Series Landcruiser

Maximise efficiency, minimise expenses. At first glance, the price tag might raise eyebrows, but this isn't just an air filter. It's a smart investment. This high-performance air cleaner is engineered to provide improved air flow which translates directly into better fuel economy. Feedback from satisfied owners of the XLC200K have indicated savings of one litre of fuel per 100kms.

Donaldson P/N-XLC200K Air Filter Cleaner Housing Filter Kit

The Donaldson PowerCore® 4x4 air cleaner housing and filter kit delivers quality, reliable filtration and support, even for the toughest off road adventures. Designed for Toyota® Landcruiser® 200 Series diesel engines, the XLC200K is a robust compact replacement airbox equipped with everything you need to protect your vehicle from contaminants that can cause damage to your engine.
