Detroit DD15 New Engine

Detroit engines perform at their peak for kilometre after kilometre, with best-in-class fuel economy, low-cost maintenance and service. Every step of our design, testing and manufacturing process builds quality into every engine that bears the Detroit name. The focus of Detroit engineers is to achieve the most effective combination of performance and fuel economy. Their goal is to design and build engines that enable customers to operate their fleets more efficiently and ultimately to provide a lower cost of ownership. That's why the DD15 engine continues to evolve.

Our engine technology and enhancements offer an unprecedented level of efficiency. Purchase a new Detroit DD15 today and take advantage of our national two year unlimited kilometre warranty. Ask you local Detroit dealer for a complete installed price.
