Technology.

We've got the knowledge. Series 2000 M06

We designed the latest generation Series 2000 specifically for those who demand it all: outstanding acceleration and performance. With more than 55,000 MTU Series 2000 sold worldwide, we gained a great deal of experience, enabling us to design the Series 2000 M06 - an engineering masterpiece.

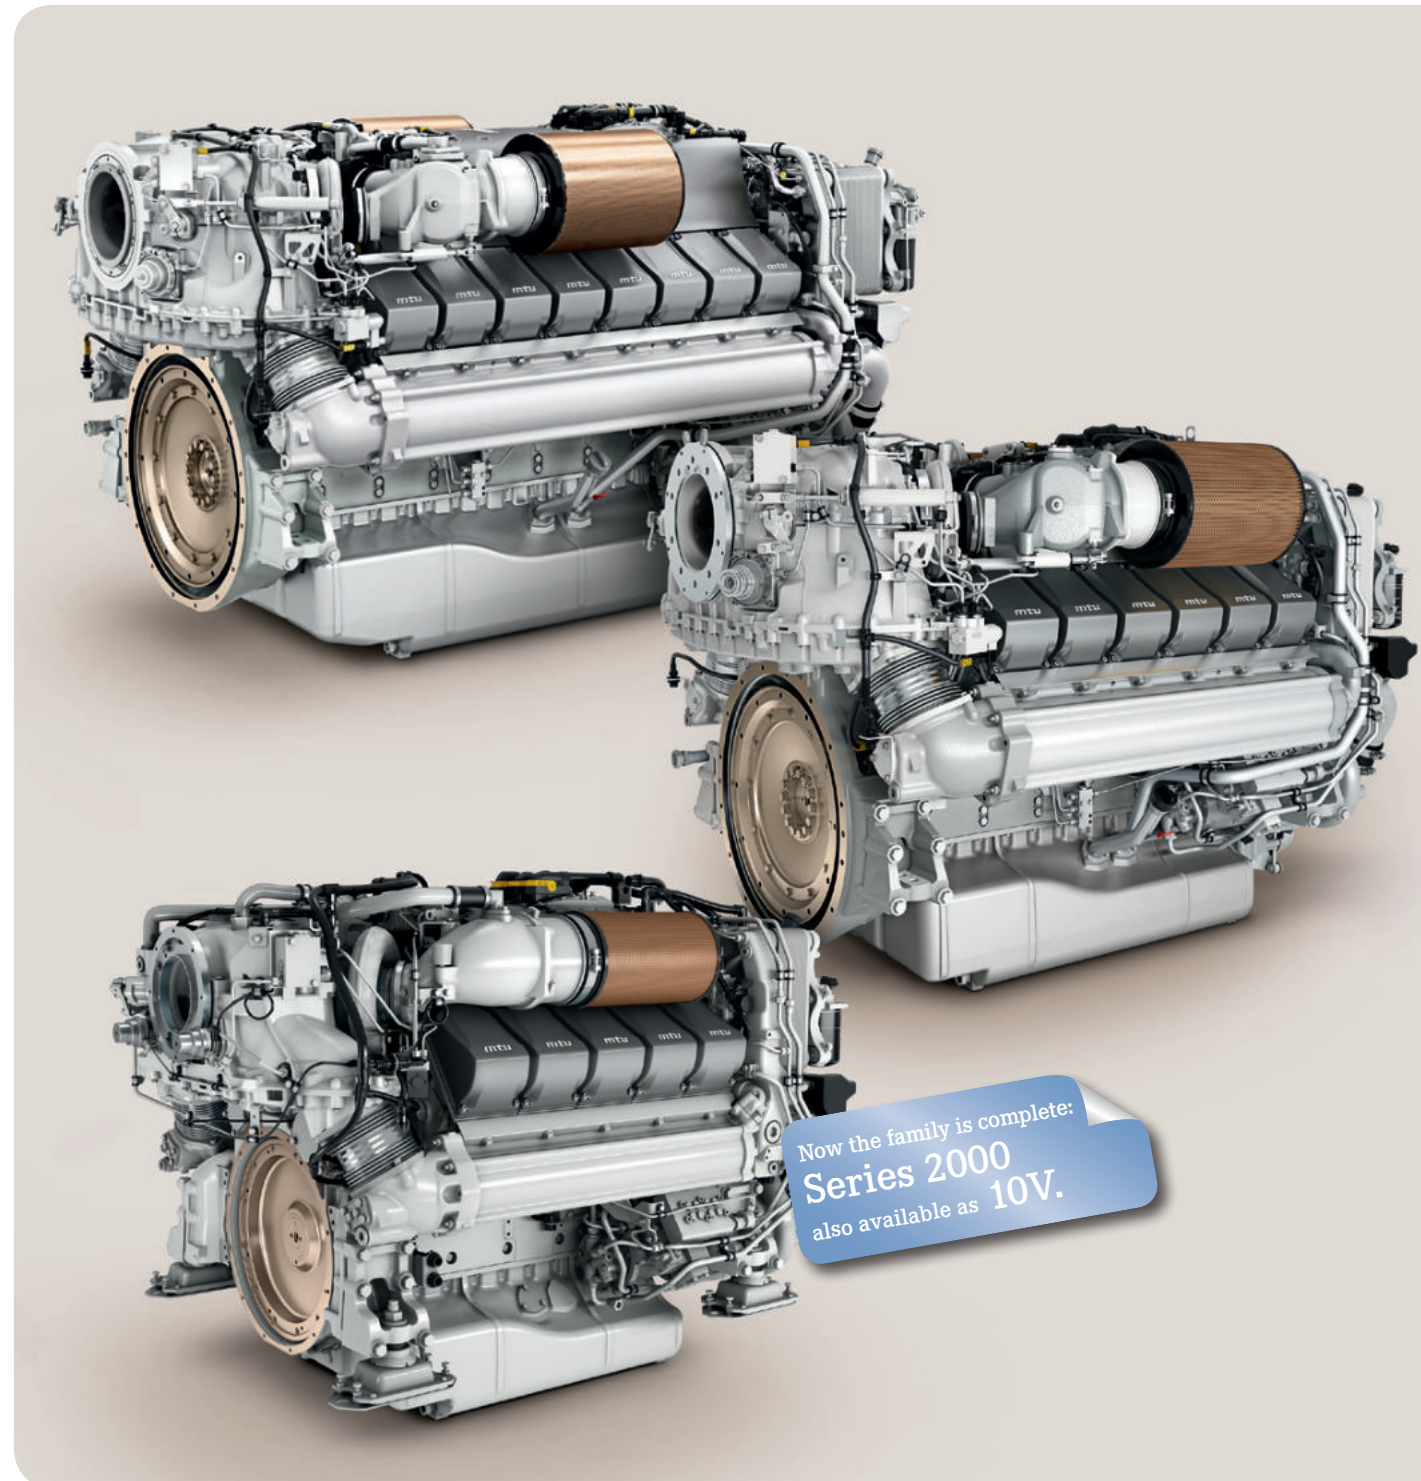

Emission certification according to:
EPA Tier 3 recreational
IMO II
EU RCD 2

Technical Maturity

- Excellent power-to-weight ratio
- Extremely compact
- Optimized fuel efficiency
- Excellent agility, power and maneuverability
- Excellent acceleration behavior and performance
- Wide speed range
- Unlimited time at full load
- No visible smoke under all conditions

A Proven Product

The latest generation Series 2000 has an identical footprint compared to our preceding solutions. The dimensions remain largely the same – an important criteria that you will benefit from. We also kept the single exhaust outlet.

Model	10V	12V	16V
Output kW (bhp)	1015 (1361) – 1193 (1600)	1268 (1700) – 1432 (1920)	1630 (2186) – 1939 (2600)
Rated speed rpm	2450	2450	2450
Dimensions and masses			
Length (L) ²⁾ mm (in)	1604 (63.1) ¹⁾	1812 (71.3)	2258 (88.9)
Width (W) mm (in)	1165 (45.9) ¹⁾	1293 (50.9)	1293 (50.9)
Height (H) mm (in)	1347 (53.0) ¹⁾	1414 (55.7)	1453 (57.2)
Mass, dry kg (lbs)	2305 (5082)	2830 (6239)	3450 (7606)

1) Preliminary data

2) Length to flywheel housing
